ECO 21 ABC Car, pull-start
Webra Speed 40 Heli

No. 7256

No. 7345

ECO 21 ABC Car, pull-start

No. 7256

For 1:8 scale RC cars
Capacity 3.5 cc

Webra Speed 40 Heli

No. 7345

Capacity 6.5 cc

Special motor for all types of model car, with ABC piston/liner and twin-ballraced cranks-haft. Twin-needle slide carburettor for reliable mixture delivery even when the carburettor is „slammed to the floor“.

Integral pull-cord starter for straightforward starting.

Low-cost power unit, ideal for beginners' model helicopters.

The perfect match for the robbe Moskito range.

Reliable, robust and simple to handle. With heat-sink head and Webra TN 2-needle carburettor.

Recommended accessories:

90° manifold: No. 34040088
Car 21 tuned pipe: No. 34040089

Recommended accessories:

Webra Speed 40 Heli silencer, ALU No. 7226
or alternatively:
Stainless steel silencer No. S 0984
